

COASTAL RANCH

No detail was overlooked in this coastal-inspired ranch designed for both everyday living and effortless entertaining. The main level features 3 bedrooms, a sunlit family room with fireplace, and a chef's kitchen with quartz countertops, custom hood, walk-in pantry, and high-end appliances.

A covered patio extends the living space outdoors, while practical touches like a mudroom with built-ins, oversized garage, and separate laundry room add functional ease.

The primary suite offers a spa-like retreat with a custom tile shower, dual vanities, and expansive walk-in closet. The finished lower level includes two additional bedrooms, a second family room, and a wet bar—perfect for hosting guests or relaxing with family.
